References [No article title required in references] [Journal name italic]

Imp Note for author

1. Please check plagiarism of your article by using online software
2. If in future any conflict of interest / Misstep / Flaw / Fluff found in article experimental data | procedure (which invalidates the conclusion), article will be immediately retracted from publication process.
3. Copyright
Copyright is a condition of publication that manuscripts submitted to this journal have not been published and will not be simultaneously submitted or published elsewhere. Plagiarism is strictly forbidden, and by submitting the article for publication the authors agree that the publishers have the legal right to take appropriate action against the authors, if plagiarism is discovered.
4. Originality and Plagiarism
The authors should ensure that they have written entirely original works, and if the authors have used the work and/or words of others published materials, that this has been appropriately cited or quoted.
5. The article submitted is an original work and has neither been published in any other peer-reviewed journal nor is under consideration for publication by any other journal. More so, the article does not contravene any existing copyright or any other third-party rights.
6. There is no any conflict of Interest of corresponding authors and all authors for Publication of Article.
